Carpenter and Dan R. Rickard, both of Post 565X. The awards were presented to the boys at a recent Torrance First Baptist Church service. (Herald Photo)

## Obituaries

### AUGUSTINE C. HERMENEGILDO

Raquiem Mass for Augustine Camo Hermenegildo, 61, of 1562 W. 214th St., was celebrated at the Church of the Nativity Saturday morning and interment followed at Calvary Cemetery.

Mr. Hermenegildo, a native of Mexico, came to the Torrance area as an 11-year-old boy, living here 50 years before his death at a Torrance hospital Tuesday.

Holy Rosary was recited Friday evening at the Stone and Myers Mortuary Chapel.

Mrs. Hermenegildo is survived by three sons, Richard and Tony of Torrance and Au-

gustine of the Panama Canal Zone; and two daughter, Irene Veldez of Torrance and Lucy Welch of Santa Clara.

### Speech Contest Winner Named

South High School student Sherrie Farmer has been named first place winner in the Lions Club speech contest.

Her speech was entitled "My Responsibilities in a Changing World." She will enter the Lions Club district contest March 19. Helen Watts and Doug Forester, both of South High, were named second place winners.

## Students Get Look at Area Government

Six South High students yesterday experienced some of the common problems that arise in Congressional sessions.

The National Forensic League Student Congress was held at the Los Angeles County Court House with Douglas Forester as the chairman of the Senate.

Douglas, with other South High students, Sherrie Farmer, John Brooks, Joe Selliken, Susan Richards, and Steven Fisher, represented the NFL chapter of the West Los Angeles District.

## Hong Kong Forum Topic

Fabulous Hong Kong, gateway between East and West, will be the subject of free-lance cameraman Phil Walker when he narrates his own film at the fourth Harbor Forum lecture Monday in the main gymnasium of Harbor College.

Walker has attempted to capture in film the fascination of this teeming port that is one of the last British Crown Colonies, an international bargain basement and the free world's contact with Communist China.

A native of California, Walker was a radio producer and director before joining the Army Transportation Corps during World War II. His experiences during the war increased his desire to travel. Obtaining the best photo equipment, he has traveled extensively in the Far East and Australia in search of interesting subjects. He has given over 1,000 film-lectures since 1953.

Students with ASO cards will be admitted free to the lecture which will start at 8 p.m. General admission is 50 cents.

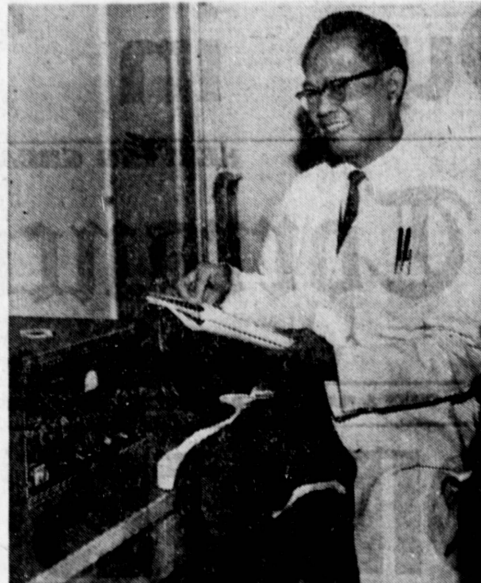

## School Group Plans Social

South High girls who have entered school since September will be honored at the annual Girls' League social Tuesday at 7:30 p.m. The event is planned to acquaint the girls with the school and other students.

The social, planned by Girls' League Friendship Chairman Diane Lehto, will be an evening of refreshments and entertainment.

Betsy Mewborn will play the guitar as Winkie Gilbert, Rosemary McIlraith, Yvonne Boggio, Diane Lehto, Vikki King, Sharon Wood, and Sandy Charles will present a skit explaining the Girls' League program in the school. Paula Harter will entertain with a modern dance.

Airman First Class Wendell E. Baker Jr., whose parents reside in Torrance, has been named honor graduate of the United States Air Force aircraft accessory specialists course at Chanute AFB, Ill.

HEART SPECIALIST . . . Dr. Chi Long Liu, assistant professor at the UCLA Heart Center and director of the Cardio-Pulmonary at Harbor General Hospital, explains equipment used to measure oxygen in the blood stream. Dr. Liu is an avid booster of the Heart fund drive. (Herald Photo)

## Heart Specialists Back Fund Campaign

Work for the drive for funds for the heart and its diseases is progressing as scheduled with today to be the highlight for the volunteer workers to make the calls on the residents in the homes.

Dr. Chi Long Liu, assistant professor at the UCLA Heart Center and director of Cardio-Pulmonary at the Harbor General Hospital, lists some of the achievements of this team of workers as the checking of rheumatic fever, leaking of the valves of the heart, hardening of the arteries, along with other serious heart ailments. Some of the assistants of Dr. Liu are Dr. Ronald Piccirillo of The Little Company of Mary Hospital and Dr. Bloomer of the Harbor Hospital.

These doctors are using the open heart surgery and the famed heart pump with excellent results on the patients. Dr. Liu is on the staff of physicians at the Harbor General Hospital and also teaches

resident doctors. He has been with the hospital for the past four years.

Dr. Liu makes a plea for the residents to be very generous in their contributions for this very worthy cause as the money is most urgently needed to further the research work.

TO SPEAK . . . Arnold H. Exo of Evanston, Ill., will speak about applying Bible teachings in solving everyday problems at a free lecture on Christian Science to be delivered in Redondo Beach next Tuesday. The lecture will be given in the First Church of Christ, Scientist, edifice at 527 S. Broadway at 8 p.m.

## Free Enterprise Institute Opens Course on Tuesday

Spring classes in "Capitalism—The Key to Survival" will begin at 7:45 p.m. Tuesday at Halfway House, 3103 Pacific Coast Hwy., according to Joseph A. Galambos, director of the Free Enterprise Institute in Los Angeles, which sponsors the course.

Alvin Lowi Jr., of Torrance will teach the South Bay section.

Courses will also be offered in the following areas in Greater Los Angeles:

West San Fernando Valley: starting Monday, Topanga Hall, 5317 Topanga Canyon Blvd., Woodland Hills;

Whittier Section: starting Wednesday, Murphy Memorial Hospital Auditorium, 230 N. Alta Ave., Whittier;

Los Angeles Section: starting Thursday, Blair House, 445 N. Rossmore, Los Angeles.

IN ADDITION, courses will be offered in San Diego, beginning Monday at Mission Valley Inn, and in Orange County at the Disneyland Hotel, beginning promptly at 7:45 p.m., and Galambos has stated that the opening sessions in all locations are open to guests without charge.

"The Free Enterprise Institute begins where every present conservative and anti-communist activity ends," Galambos declares. "In the first place, we assume that every one who takes our course, 'Capitalism—The Key to Survival' is intelligent, competent and patriotic. Further, we assume that he knows that communism is evil. Anyone who does not know that communism is evil is either stupid or a traitor. We go on from this point to prove, not state, but prove that capitalism is the most vital, dynamic, an powerful creative force which man has ever had at his disposal

## Rivieran Named Crusade Chairman for Residents

Mrs. Rex Hume of Hollywood Riviera has been appointed area residential crusade chairman for the American Cancer Society, according to Mrs. James R. Friend, District 8 residential crusade chairman.

She will coordinate residential activities in Torrance, Waverly, Hollywood Riviera, Lomita, Harbor City, and Gardena.

"Margarete Hume has been an active volunteer with the Society for over five years," stated Mrs. Friend. "She has been the originator of our Save a Mother program and has appeared before many women's groups to bring them life-saving information. In this new role she will be striving for complete door-to-door coverage in the six cities of her area during the weekend of our American Cancer Society residential drive, April 7 through 9."

MRS. HUME is the mother of two pre-school children. Both she and her husband have been active members of the Civilian Air Patrol. She is a member of the Women's Society of the Hollywood Riviera Methodist Church.

"I am delighted to accept this important assignment," said Mrs. Hume. "I know that cancer kills more children below the age of 15 than any other disease and that it strikes two families of every three. For these reasons, the American Cancer Society's April Crusade must succeed in order to further its three-fold program of research, education and service. Our door-to-door crusaders will be leaving educational literature which we know from experience will save many lives. Anyone wishing to join us in battling this dread disease should call me at my home, FR 5-4585."

## Gas Appliance Dealers Launch Dryer Promotion

"Everyone talks about the weather, but no one does anything about it!"

This is one famous old observation that one group of businessmen here in the area are trying to modernize. And while they don't really expect to do anything about the weather, they do expect to further liberate the American housewife.

### ... Election

(Continued From Page 1)

tor; Charles L. Deck, 20513 Toluca Ave., tax economist; Tom Faren, 23301 Arlington Ave., educator; Thirvin D. Fleetwood, 3637 W. 182nd St., planning commissioner; William A. Manis, 3239 Danana St., account collector; Bernard (Barney) Miller, 1414 Hickory Ave., business manager; George G. Morehart, 18520 Kingsdale Ave., contractor; James G. Shidler, 23053 Doris Way, drug salesman; Earle Sumpter, 21509 Ladeene Ave., mailman; and Herma O. Tillim, 16914 Osage Ave., employment agency owner.

IN ADDITION to the election of city officers, the ballot will contain proposals to amend the civil service ordinance, change the "lame duck" sessions of the school board, and authorize the issuance of \$1,225,000 in bonds to be paid from airport revenue to finance installation of utilities on the field, and to acquire a clear zone at the west end of the field.

Gas appliance dealers here who are just launching an intensified gas clothes dryer campaign, point out that before the arrival of the gas dryer on the domestic scene, around 1950, housewives had to play sort of a guessing game with the weather to be assured of drying their clothes outdoors.

IN ADDITION, she spent an equivalent of 20 working days a year handling wet wash before it dried and then carting it back into the house.

But time and the gas clothes dryer has changed all of that for the some 2,960,000 people across the country who now stay one jump ahead of the weather bureau when it comes to selecting the family wash day.

Today's homemaker may wash and dry for the family in rain or shine, at any hour of the day or night, and do it all indoors in a modern laundry center without any extra charge.

DEALERS HERE are participating with the gas company and leading manufacturers as part of a comprehensive gas clothes dryer campaign being presented throughout Southern California. The campaign will continue through mid-April.

Pointing up the popularity of the gas clothes dryer with area homemakers, the dealers stated that 45,000 installations were made in Southern California last year, topping the 1960 record of some 36,000. And, as might be expected, they said, purchases here as elsewhere increase during the cold, wet spells common to February and March.

Added advantages of the gas dryer, which relatively speaking, is one of the last to appear on the scene, is its economy of operation, quick drying time, actual lower drying temperatures, and exact heat control for all of the latest fabrics.

## Births
